◆ **Leamington Mennonite Home News**

We are thrilled to announce that the LMH plans to build an up-to-date, purpose-built retirement residence designed to better serve our community's needs. This emerged as a top priority from our strategic planning sessions as

well as a feasibility study. A thoughtful transition plan will be in place for residents, which will be communicated to residents and their families at the appropriate time. There is ample time before this transition occurs, as we are hopeful of opening the doors to a new retirement facility in the next five years. This special project continues to ignite our vision of putting residents first—through faith-based commitment, compassion, and community. As we embark on this journey, we invite our community to unite and support this initiative. We are looking for community connectors to play a vital role in this Capital Campaign, and while we are hopeful for successful fundraising efforts, we recognize securing a loan may also be necessary. We will be developing a communication plan for this project to engage you in our dedicated community on an ongoing basis as details unfold.
